

HARLEY-DAVIDSON • SPRINT INTO A WINNER!!!

Sprint, Sprint H, Sprint Scrambler — a proven trio that is ready for anything. They've taken more trophies and first places in all types of competition than *any other brand* in their class. Sportsmen events! Short track! Scrambles! Road racing! Hillclimbing! Speed trial records! You name it... they've done it... and won it! Sprints are swingers for styling too! All new for '66 includes daring and different paint job in jet-black with chrome-plated front forks. Why not get performance and class in one sweet package? See and thrill test the spectacular Sprints today and move-up to a proven winner. Remember, Harley-Davidson Sprints are the hottest Two-Fifties going in the world today!

CONVENIENT FOOTREST. Footrest adjusts to provide passenger with the ultimate in comfort and convenience. Easy to operate.

SMART SPEED MUFFLER. Chrome-plated muffler is designed with sleek, low lines for racing-type appearance.

POWERFUL OHV ENGINE. 250cc, air-cooled, four stroke engine features helical-gear primary drive and down-draft carburetor.

COMFORTABLE DUAL SADDLE. Longer, wider, foam-padded saddle is vinyl covered with optional grip strap. New chrome-plated strip around bottom of seat.

1966 special Sprint top value features

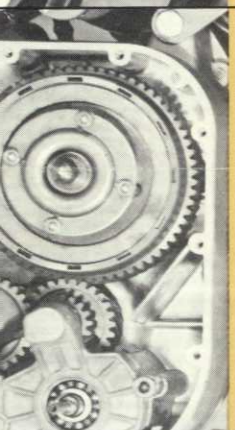

POWERFUL HEADLIGHT. Sealed-beam headlight has Hi-Lo beam for safe nighttime riding. Also equipped with large tail-light and loud horn.

NEW SHUT-OFF VALVE. Gas tank shut-off valve is virtually fool-proof. Won't drip, ever!

NO-SLIP CLUTCH. Alternate steel plates and composition friction plates provide unequalled torque-taking capacity.

EXTRA-SAFE BRAKES. Brakes, front and rear, are big 7-inch internal expanding type. Stopping is smooth, fast, sure.
