For booking or further information please contact. vmcchighlandinternational@gmail.com Tel 07710 607835

Rally routes: Entrants will be provided with either route sheets (tulip) for each day or can opt for GPS route. Arrows will be placed on key junctions. A backup vehicle will follow on for breakdown assistance (used at your own risk). The journeys are not timed so extended stays at places of interest are possible, but this may result in you losing the support of the backup vehicle, so individual breakdown cover is recommended. Daily distances are between 100 and 170miles. It is your responsibility to ensure that your vehicle is road worth. We will contact all entrants in the new year with payment dates and bank details (to be paid by 1st April)
